“Renovate your  
incomplete  
**DREAMS**”

# About US

**Taameer Sakan** provides general contracting services including turn-key construction, industrial outsourcing support, maintenance services and specialty concrete solutions to the world's largest corporations. Strongly diversified across market segments, the Company can deliver seamless solutions to customers in the automotive, health care, education, steel, refining, petrochemical, pulp & paper, marine, manufacturing, power generation industries and government. The Company's safety first culture has resulted in one of the industry's most impressive safety records. Taameer delivers a very strong complement of construction services to corporations

Our company is characterized by able leadership, a skilled workforce, excellent labor relations, a strong safety record and good customer relationships. We are working hard to capitalize on our proven capabilities and safety record.

## Our **VISION**

---

Our vision is to be the most Professional Contracting Company in the KINGDOM OF SAUDI ARABIA providing Turnkey solutions in Steel Building and Pre-Cast Concrete Buildings using the latest available technology.

Our mission is to render best quality services accompanied with budget control and timely completion of work. We strive to consider our client views and do our best to fulfill their requirements for the project. We have a strong desire to achieve this with the co-operation and co-ordination of our well experienced Work Force, Project Managers, Expert Engineers and the Management focusing on the executing and timely completion of the project.

## Our **MISSION**

---

# OUR STRATEGY

---

- Targeting large and complex construction projects all over the kingdom.
- Investing in the best people and technology.
- Maintaining our commitment to quality and safety.
- Working in partnership with local and global leaders.
- Serving our clients with quality construction services that adds value to their projects.
- Evaluating alternative solutions, providing creativity, and continuously challenging ideas to find the best options.
- Expanding our operation to serve clients based all over the kingdom

# OUR SERVICES

## Concrete Construction

---

The Company has proven expertise relating to the engineering, design and fabrication of concrete structures required by its industrial customers. With years of successful project experience, Taameer Sakan Construction capabilities are among the best in the world. Taameer has earned a reputation for completing work on time and within budget and continues to expand its client base in the field of civil construction.

## Design Build

---

Design Build construction forms a significant portion of our work. By reducing our customers dependence on multiple vendors, including designers and engineers, Taameer has earned a reputation as a reliable, one-stop shopping, supplier of building space and structural concrete.

## Facility Maintenance

---

Taameer Sakan Company has now assumed the new role of Facility Manager for a major parts producing manufacturing plant. The concept of facility management is unique in that we have become an integral partner in the supply chain for our customer. We contract all construction work at this location and assume a coordinating and cross-checking function between corporate engineering and purchasing.

## Asphalt

---

Utilizing the vast resources of equipment and skilled workforce, supported by our asphalt suppliers, and governed by the experience required for completion of all asphalt roads construction projects.

Our work activities consist of but not limited to: survey, excavation, sub grade preparation, Sub base & base preparation and compaction, bituminous coats, asphalt binder & wearing courses, road marking, signage, walkways, and preparation of the As-built drawings as required by Client.

## The Manpower

---

Tameer Sakan is well known name in the field of Manpower Recruitment Industry from long ago. Customer satisfaction is our first priority. So we deliver qualitative manpower solutions to our clients. We are proud of our manpower agency team as it is bound to offer a great satisfaction. Our clients and their appreciation have always been a matter of priority for us. We believe that when our customers deal with us, it must be a unique experience for both of us.

## Equipment Rentals

We provides a unique rental proposition - an alternative to "buy". With our strong equipment strength & highly qualified professional team we cater to various industry verticals like constructions, civil work, mechanical, electrical and instrumentation engineering.

We have inventory in construction equipment, machinery, tools, and supplies, including: Earthmoving Equipment, Concrete Equipment, Material Handling Equipment, Road Construction Equipment and much more. We provide construction equipment on rent at cost effective prices for a flexible length of time. These equipments are widely used for different kinds of building construction and repair.
